

REFLEX CUTTING DISCS

Cutting Discs

STEEL CARBORANDUM Cutting Discs

Extra thin cutting-off wheel ideal for processing non-ferrous metals, such as aluminium, copper, brass.

The soft structure of the disc prevents clogging

Application: Aluminium
Steel

Abrasive: Aluminium oxide resin bonded
Grit grade: C30S
Features: Double fiberglass net reinforced,
Fast and effective cutting,
Excellent balance and no vibration in the operation
Durable and long life

BARCODE	INCH	CODE	RPM (tr/min)	Cutting Material	Size / Diam	Configuration	Qty/BOX
3510780110006	4½"	XAB-KLA10EX115C	13 200	Steel	115 X 1.0 X 22.23mm	Flat Center	25
3510780231008	9"	XAB-KLA18EX230C	6 600	Steel	230 X 1.8 X 22.23mm	Flat Center	25

Cutting Discs

Standard disc for working on steel

Application: Steel

Abrasive: Aluminium oxide resin bonded
Grit grade: C30S
Features: Double fiberglass net reinforced,
Fast and effective cutting,
Excellent balance and no vibration in the operation
Durable and long life

BARCODE	INCH	CODE	RPM (tr/min)	Cutting Material	Size / Diam	Configuration	Qty/BOX
3510780113038	4½"	XAB-KLA24EX115C	13 200	Steel	115 X 3.0 X 22.23mm	Flat Center	25
3510780233033	9"	XAB-KLA25EX230C	6 600	Steel	230 X 3.0 X 22.23mm	Flat Center	25

Cutting Discs

STAINLESS STEEL/ALLUMINUM CARBORANDUM Cutting Discs (INOX)

High-performance cutting-off wheel particularly for small cross-sections

Application: Stainless Steel
Aluminium

Abrasive: Aluminium oxide resin bonded
Features: Reinforcing double fibreglass
Grade 24,46,60
Hardness R
Advantages : Excellent service life, fast and clean cutting
Good performance and a consistent cut rate
Accurate clean cutting
Fully compliant with EN12413
Suitable for all metals

BARCODE	INCH	CODE	RPM (tr/min)	Cutting Material	Size / Diam	Configuration	Qty/BOX
3510780115162	4½"	XAB-KLA46TZ115C	13 300	INOX	115 X 1.6 X 22.23mm	Flat Center	25
3510780230186	9"	XAB-KLA46TZ230C	6 650	INOX	230 X 2.0 X 22.23mm	Flat Center	25

Grinding Discs

STEEL CARBORANDUM Grinding Discs

Tried-and-tested universal disc, suitable for all sectors of metal working

Application: Metals

Abrasive: Aluminium oxide resin bonded
 Grit grade: 24, hardness R
 Features: 3 fiberglass nets reinforced
 Excellent price/performance ratio,
 Easy grinding

BARCODE	INCH	CODE	RPM (tr/min)	Cutting Material	Size / Diam	Configuration	Qty/BOX
3510780116008	4½"	XAB-KLA24EX115G	13 200	Steel	115 X 6.0 X 22.23mm	Depressed Center	10
3510780236003	9"	XAB-KLA24EXT230G	6 600	Steel	230 X 6.0 X 22.23mm	Depressed Center	10

Grinding Discs

STAINLESS STEEL/ALLUMINUM CARBORANDUM Grinding Discs (INOX)

Standard disc for working on stainless steel

Application: Stainless Steel
 Aluminium

Abrasive: Aluminium oxide resin bonded
 Grit grade: 24, hardness R
 Features: 3 fiberglass nets reinforced
 Excellent price/performance ratio,
 Easy grinding
